Changes Announced in W. T. Coaching School

Two Football Coaches are Added; Track Will Be Another Feature for the School

RUSHING ROCK WORK

Coaches Over Southwest Express Interest in the School—Attendance To Be Large

Coach Al Baggett has announced several changes for the First Annual Coaching School which will be held at W. T. June 3rd to 10th.

In the football staff two noted coaches have been added. Jack Meagher, head coach of Alabama Poly, Auburn, Ala., will instruct in the Notre Dame system.

Carl (Dutch) Voyles, line coach of Duke University, will instruct on line play.

The other instructors in football are Leo (Dutch) Meyer, head coach of T. C. U., Raymond (Bear) Wolf, assistant to Meyer at T. C. U.; Blair Cherry, head coach of the Amarillo Sandies, who will bring his 1935 state championship team here for demonstration.

Track has been added to the course, with Carl Voyles having charge of this instruction.

Glen Rose of the University of Arkansas will have charge of basketball instruction. His team not only won the Southwest Conference this year, but is now in New York playing as candidates for the Olympic team.

"Chuck" Taylor will be here to demonstrate his trick shots and passing. As ambassador of basketball, Taylor showed his wares at the Denver tournament two weeks ago, to the great amazement of the players on the 42 teams in the tournament.

Dr. Harry A. Scott, director of Physical Education of Rice Institute will direct the discussion of organization and administration of Physical Education. Dr. Scott will stop in Canyon on his way to Columbia University where he teaches each summer. In his courses last year at Columbia he pointed to the equipment of the physical education plant at W. T. as among the finest he had ever inspected.

Coach Al Baggett is director of the Coaching School. He is highly pleased with the reception which has been given the announcement of the school. This will be the only coaching school held in Texas this year. College and high school coaches alike have written regarding information.

WPA labor is being used to complete the plans on the athletic plant by the first of June. Plumbing is being installed in Buffalo Courts, and all of the rooms will be completed by the time of the

Mrs. S. D. Burton Becomes Librarian For County Library

Mrs. S. D. Burton succeeded Miss Fannie Malone as librarian of the County Library yesterday. Miss Malone has been in charge of the library for the past two years.

The library now has 3378 volumes. 1000 readers' cards have been issued, and the average daily withdrawal of books numbers nearly 100 volumes.

The library has not been made into a recognized county institution, but plans are under way to perfect this organization under the terms of the state law. Mrs. Burton has taken all of the library training offered at W. T. and is qualified to take the examination for a state certificate when the final steps are taken to form the county library.

Practically All of Cars in County are Equipped '36 Plates

Last night was the closing time time for securing 1936 automobile license plates. Practically all cars seen on the streets yesterday had been equipped with the new plates.

Drivers who attempt to use the highways without the new license plates will run into difficulty with the highway patrolmen.

Miss Nola Gordon and Miss Margaret Anthony both of Frederick, Okla., visited Mrs. Earl Robbins, Saturday.

300 Attended the Annual Banquet Dairy Association

Speechless Banquet Is Feature, With Maverick Boys Putting on the Program

Nearly 300 persons enjoyed the annual banquet of the Randall County Dairymen's Association staged Friday night at the grade school gymnasium. It was the largest banquet ever given by the association.

W. H. Upchurch, County Agent, presided and his announcement of a "no speech" program brought forth lusty cheers from the crowd. The only attempt at speech-making was the exception by Joe Ridgeway of Fort Worth who was asked by Mr. Upchurch to express his appreciation of the work being done by the dairymen of the county. Mr. Ridgeway stated that the dairy interest was the only one which had come through the depression without asking for government aid. He highly praised the work of the association in Randall county.

Mr. Upchurch introduced a number of visitors, including Phil Purdum, Mike McAdoo, Andy Anderson, Paul Edquist, Garford Wilkinson, Jack Little, Jack Wyatt, Walter Irvin, George Baker, Bob Underwood, Louis Dodson; Albert Byars, president of the Association; W. A. Warren, president of the Chamber of Commerce; and T. C. Thompson, pioneer hardware man.

Emmett Galloway brought 20 members of the Maverick Club, who put on a program. Old Bones Hooks, pioneer negro cowboy, brought the president of the Doggie Club.

The Home Economics class of the high school under the direction of Miss Fannie Sue Brasuel served the banquet.

All CCC Camps To Remain Unchanged Until May First

No changes will be made in CCC camps during the month of April, according to information received at the Palo Duro State Park. This possibly means that the negro company will not be moved for another month at least. 77 men left yesterday due to the fact that their period of enrollment had expired. This leaves only 109 men in the company, and recruits will likely be received in the near future unless it is decided to move a white company here during the month.

With the policy of reducing CCC forces, information has been received that after July 1st all companies will be reduced in strength to 157 men. If this is done, it will reduce the foremen from 11 to 9 for each company.

Supt. Wm. Anderson states that unless unforseen difficulties arise the test cabin will be completed by April 15th, as two full time shifts are being worked on this project. A fewer number of men are being used on the entrance and crossing No. 1.

Crop Loans Are Now Available to Farmers of County

The crop loans office was established yesterday by County Agent W. H. Upchurch in the Chamber of Commerce office, also being occupied by the Sanitary department of WPA. This is the same office used for crop loans last year.

Farmers are requested to make application for loans as soon as possible owing to unusual rush in making loans when planting time comes.

The amount of crop loans is limited this year to $200 per farmer, but the requirements have been lowered in order to take care of all farmers who are in need of assistance.

R. H. Bradshaw of Abilene spent a few days this week with his wife, who is visiting in the home of her mother, Mrs. M. A. Moses.

West Texas Pays Large Portion Taxes of State

Rate Could Be Reduced if All Sections Were Paying in Like Amount Is Report

That West Texas is paying more than its share of the state taxes is being revealed by the state wide tax survey now in progress under the direction of R. B. Anderson, State Tax Commissioner.

"If the entire state paid on the same basis as West Texas whose counties are paying on the basis of 75 to 80% of the value of all property in the Panhandle, the state tax rate could be reduced from its present rate of 62 cents to 10 cents," states Mr. Anderson.

C. R. Flesher is directing a crew of men working under WPA in Randall county on the tax survey.

The survey so far discloses that there is about three-fourths of a billion dollars of unknown property on the tax rolls of the state, and there is a shortage of about 15 million acres of land that is not on the rolls.

The survey seeks to get all property on the rolls, and to find the owners of all property in the state.

D. R. Gass Buried Friday at Hereford Victim Grade Crash

D. R. Gass, 88, was buried Friday afternoon at Hereford, the victim of a grade crossing crash Wednesday morning. His car was hit by a Santa Fe passenger train, badly crushing Mr. Gass.

Mr. Gass has been owner of The City Pharmacy in Canyon for more than 25 years, which has been under the management of his son-in-law, N. E. McIntire. He was a pioneer merchant and farmer of West Texas, and has resided at Hereford since 1898.

Surviving are three sons and five daughters, Charlie Gass and Nester Gass, of Hereford, and Claude Ringold Gass, of Tulia; and Mable Gass, Hereford, Mrs. W. B. Anthony of Yoakum, Mrs. Beulah Hutchinson, Tulia, Mrs. N. E. McIntire, Canyon, and Mrs. Dimple Bennett, of Amarillo.

TO HONOR McCARTY

The Shamrock Chamber of Commerce will honor John L. McCarty at a special banquet Thursday, April 9. Invitations have been mailed to a number of citizens over the Plains who are greatly interested in Mr. McCarty.

John H. Wright Is Candidate County Commissioner No. 1

JOHN H. WRIGHT

John H. Wright has authorized The News to announce his candidacy for the office of County Commissioner, Precinct No. 1. His statement follows:

I came to the Panhandle in 1903, and this is my seventh year in Randall county. This is the first time I have ever sought a public office, and am entering the race for County Commissioner, Precinct No. 1, only after a large group of my friends urged me to do so.

I shall ask for your consideration wholly upon my own merits to fill the office, which I realize is one of the most important offices the voters of the county have to offer.

I shall try to see each voter in the precinct before the primary election, but should I miss you, I take this opportunity of asking for your vote together with your valued influence. If elected I shall strive throughout my term of office to make Randall county one of the best Commissioners the county has ever had. I shall deeply appreciate your careful consideration of my candidacy.

JOHN H. WRIGHT.

People Interested in Cemetery Are Asked To Meeting Saturday

All persons interested in the future work of Dreamland Cemetery are requested to meet at the court house Saturday afternoon at 3:30 o'clock to discuss plans.

The care of individual lots will be considered at this meeting. The county pays for a keeper who takes care of the roadways, but does not have time to give to the individual lots. Several lot owners are seeking to employ another man who would look after the lots by contribution of those who have loved ones buried at the cemetery.

School and City Elections Held During Week

Saturday and Tuesday Are Dates Set—Present Officers are Candidates for Re-Election

Spring elections will be held during the coming week as a forerunner of the heavy political calendar which will be observed by the people of Texas in electing officers from all precincts to the presidency of the United States.

The first election of the week will be held Saturday in the Canyon Independent School District when two of the seven trustees will be selected to serve for a three year term.

T. V. Slack and Alfred Bellah are candidates for re-election and are the only two whose names are printed on the official ballot. Mr. Slack has served on the board since the consolidation of the independent and common school districts 14 years ago. Mr. Bellah is completing his first term on the board.

The city election will be held next Tuesday. The present members of the city commission have agreed to accept another term. Only one set of names will be printed on the official ballot.

The present members of the commission who are the candidates in the election are: For Mayor, C. R. Burrow; for commissioners, H. W. Crain and W. S. Amend.

Federation to Meet in Canyon in 1937 Decided Yesterday

The 1937 convention of the seventh district Federation of Women's Clubs will be held in Canyon, according to the vote yesterday. The annual session closed in Lubbock last night.

Attending from Canyon were: Mrs. J. A. Hill, past president, Mrs. I. C. Jenkins, Mrs. T. V. Reeves, Mrs. C. A. Murray, and Mrs. Hud Prichard.

Mrs. Jenkins was a special guest at the Pioneer luncheon held during the convention.

W. H. BLEDSOE DIES

W. H. Bledsoe of Lubbock died Tuesday at his home. He introduced the resolution in the legislature which lead to the impeachment of James E. Ferguson as governor.

Mr. Bledsoe introduced the bill establishing Texas Tech. He served in the Senate for 12 years.

Committees Are Named Precincts For Soil Erosion

Conservation District of County Is Headed By the Commissioners — Protests May Be Filed

Committees for the four commissioners precincts have been named by the Commissioners Court under the provisions of the wind conservation law which was approved Feb. 29th by the voters of Randall county.

Citizens who have complaints to register against any land owners for lack of diligence and who are allowing their land to blow must register their complaint with the local committeemen. If action is not taken by the land owner after the complaint has been made, the committeemen take the case to the Commissioners Court, and action will be taken. The cost for stopping the erosion to be charged against the land.

The following are the committeemen selected:

Precinct No. 1, Henry F. Miller, L. B. Hammond, Newton Crain.

Precinct No. 2, George E. Mason, Louis Weick, C. P. Robertson.

Precinct No. 3, Henry Ratjen, Ross Craig, Ed Kuehn.

Precinct No. 4, C. B. Erwin, Frank C. Garrett, C. E. Colling.

Liquor Injunction Dissolved; Sale Is Set for April 13

Judge E. C. Nelson dissolved his injunction against the sale of liquor held by Sheriff Bob Barnett, and a new order of sale was posted for Monday, April 13th.

An attorney representing the Liquor Control Board was here last week asking that the injunction be dissolved, and that Sheriff Barnett be allowed to continue with the sale.

The liquor was seized in Randall county the first of March while being transported without the proper license stamps. The liquor is valued at $1,800 and proceeds of the sale will go into the old age assistance fund of the state.

Joe H. Garrison Buried at Happy Friday Afternoon

Joe H. Garrison, 76, died Thursday at the home of his daughter, Mrs. Earline Sadler in Amarillo. The funeral services were held at the Presbyterian church in Happy, Friday afternoon, Rev. H. C. Akers officiating.

Surviving Mr. Garrison are two brothers, C. C. Garrison, Two Rock, Calif., and Rev. J. S. Garrison, Harrisburg, Va.; one sister, Mrs. R. B. Dull; Lloyd Garrison, son, Ashley, Ill.; Mrs. Earline Sadler, daughter, Amarillo; seven grandchildren and three great grandchildren.

Active pallbearers were Wm. F. Miller, R. E. Prewitt, W. C. Frost, J. H. Stephenson, Tom Bandy and S. S. Williams.

Honorary pallbearers were T. H. Rowan, C. R. McAfee, Dave Currie and J. J. Currie of Amarillo; J. D. Gamble, C. N. Harrison, J. C. Pipkin, R. G. Oldham, R. McGee and John Knight of Canyon; Alden Montgomery, S. C. Whitman, Hugh Holland and S. L. Whitman of Happy.

Mr. Garrison was born in Stanton, Va., July 20, 1859. Coming to Texas at the age of 21, he settled at Stephenville, where he married Miss Adra Canan who died in California two weeks ago. From there the couple moved to Plainview, where they resided for three years; then Mr. Garrison filed on a claim southwest of Canyon in Randall county. After seven years in this locality they moved into Canyon where Mr. Garrison was active in business and civic enterprises until 1920 when he moved to Happy. During his early residence in Randall County he was county clerk for four years, and in recent years he was in the real estate business. He had been a member of the Presbyterian Church in Happy for the past 14 years.

Farmers Urged to Make Application at Once and Get Work Started in County

FIRST CHECK COMES

More Wind and Cold Waves Hit Panhandle During Week — Fruit Damage to Be Heavy

A $5,000 check was received Monday from the government to do listing in Randall county under the wind erosion program of Congressman Marvin Jones' bill. Other checks will be received in a few days.

About three-fourths of the allotment of the county has been contracted, stated County Agent W. H. Upchurch, yesterday. Land owners who have land which is blowing, or is subject to blowing should make application at once as this is an emergency program and the listing is to be done at once.

All listing must be done on the contour in order to preserve all of the moisture which falls this spring. Farmers who had their land contoured last year state that this was the only method by which they were able to raise a feed crop last year.

Farmers in need of listing money, who have not made application, are urged to do so at once.

Monday's wind was not so destructive as the wind of last week, yet this section probably suffered more from dust than last week.

A freeze hit Tuesday morning as the result of the norther, and probably did considerable damage to the fruit on the Plains.

The thermometer stood at 16 degrees above this morning, making this the coldest wave in several weeks.

Various estimates have been made of the damage to the wheat crop by the winds. In several parts of the county the loss is complete where there were sections with non-resident owners who have made no attempt to stop the erosion. A hard fight against erosion has been made in all parts of the county which will save much wheat if rain is received early in April.

Government May Buy JA Ranch, Is Capitol Rumor

According to information from Washington the government is contemplating buying the JA ranch in the Palo Duro canyon under the marginal land act.

All of the Palo Duro has been inspected several times during the past two years with a view of the government buying land in addition to the Palo Duro State Park. There is a large mortgage against the present Park land. Nothing definite has been given out from Washington, but should the ranch be bought it is believed that the entire canyon would eventually be taken into the park area.

The Harrell ranch is between the State Park and the J. A. property.

At the present time the state owns only 120 acres of the present park, and a highway right-of-way running the length of the park boundary.

BROTHER IS INJURED

J. B. Quattlebaum of Chickasha, Okla., was seriously injured in a car wreck Saturday. He is a brother of the Rev. J. O. Quattlebaum, Jr., pastor of the local Methodist Church.

Anniversary Rate Will Be Continued Until April 18

The special subscription rate for the 40th Anniversary of The Canyon News will be continued until April 18th.

Those who were unable to take advantage of the special rate during March are offered this exceptionally low rate during the coming two weeks.

Many subscribers are paying for two or more years as this will be the lowest rate The News will be able to offer for many years to come.

The special rate of 79 cents per year will positively close on Saturday, April 18th.

The Federal Depositors Insurance Corporation not only insures the deposits of each individual depositor up to $5,000, but with the consent of congress is exercising a powerful influence to eliminate improper methods in banking. This corporation has let it be known that there are 100 banks which will likely be forced into voluntary liquidation because there is not sufficient room for them, or they are improperly managed. During the Hoover administration 1400 banks closed with a terrible loss to each community in which they operated. Very few banks have closed since FDIC came into existence, and no depositor has lost a cent in one of these closed banks. No doubt many communities believe they have sustained a loss when banks close or are consolidated, and citizens begin to think of means of securing another banking institution. A weak bank is no asset to any community, and no one with any sort of business judgment will invest his money in the stock of such an institution, or would consider starting a new bank under conditions which have forced a consolidation. The federal government is right in taking steps to restore confidence in banking operations in this nation by its strict supervision of those banks which are in operation.

Senator Tom Connally defended the Democratic administration at Baltimore Saturday night, admitting that mistakes would creep into any program as large as that undertaken to conquor the depression. These mistakes may be laid on the doorsteps of the inefficient men who have in charge the administration of the various agencies. Every little fellow who gets a job with Uncle Sam feels as important as the President, and proceeds to hold up his part of the program until those with whom he works is thoroughly impressed with his importance. The latest in this section was the wind erosion program. Congressman Jones passed the bill that was to be free of red tape in order that the farmers should get the money to save their land. Two weeks passed after the rules were adopted before the money was sent out, while the little fellows were impressing the world with their importance. It mattered not that the country was blowing away while the money was being held up—the little fellows must thoroughly impress the farmers with the fact that they were running the show.

Deskins Wells in Wellington Leader: Dr. J. A. Hill came by to see me Tuesday. Although he is very busy and occupies an important position as president of the college at Canyon, he is a very friendly man, and always has time to see his old students and friends. He was very complimentary of the work that is being done by L. F. Sheffy. Mr. Sheffy, who is head of the history department, was formerly superintendent of the Wellington schools. All the history that I ever studied in high school, college or university was under Mr. Sheffy. And I just did pass each course. Under any other teacher I would have either flunked or made better grades. You can't skirt on the ragged edge all the time unless the teacher likes you. I have many pleasant memories of Canyon. There are probably other schools like it, but I believe the teachers there take more personal interest in their students than in any other school in Texas.

Wonderful results have been achieved by the work of the Cemetery Association in making beautiful Dreamland Cemetery. A meeting will be held Saturday when other plans will be discussed for the summer's work. Among the things which are necessary is some plan to care for the individual lots at the cemetery. While one man is employed full time to keep the trees, flowers and drives in shape, he does not have time to work on the individual lots. Many who have loved ones buried in Dreamland are willing to make donations by the year in order to insure that their lots be kept up. There is plenty of water available at all times, but of necessity the lots must be watered and the shrubbery carefully attended if the entire burial ground is to be kept in good shape. Those interested in the cemetery are asked to meet at the Court House Saturday afternoon to discuss plans.

The State Health Department is making a careful check of towns on the primary highways of Texas, and grading them according to sanitary conditions which are found. If the towns are listed as Grade A, they will be advertised as a desirable place for tourists to stop. If conditions are bad, the towns left out of the first grade listing will stand to lose a lote of money this summer. The first inspection of Canyon has been made, and several conditions need correcting. The second inspection comes early in April. By all means Canyon should be cleaned up so that a high grade may be made.

The women of Canyon are making progress with the city parks which are being established. All clubs in the City Federation are working to put over the park idea in order that the citizens may have small recreational spots during the summer months. Those who would like to assist in the park movement are asked to give either money, or labor in completing the parks of Canyon. The men of Canyon are asked to give their hearty co-operation in building and maintaining these parks.

Townsend organizers are taking millions of dollars away from the poor people feeding them with promises of a goose that lays golden eggs. These organizers are on the job because it is a profitable job to organize and demand the $200 per month. It is a mighty hard thing to keep graft out of any movement, as pure of thought as Dr. Townsend might have been in his original declaration.

JUST A COUPLE OF "HASBEENS"

COMMENTS REGARDING BIRTHDAY OF THE NEWS

A. J. Strickln in Brownfield Herald: Last week the Canyon News celebrated its 40th anniversary with an extra edition of the paper after the regular edition was off the press. The present publisner and editor, Clyde Warwick has owned the paper since 1910. He took charge of the Canyon paper about 15 months after we took charge here. So, Clyde and this writer are just about the bell weathers in point of service at one place in this section, is our guess.

Deskins Wells in Wellington Leader: Clyde Warwick, who has been in Canyon 26 years, recently celebrated the fortieth anniversary of his paper, the Canyon News. Mr. Warwick has performed a notable work as a newspaper editor during the time he has been in Canyon, but he has also been affected by the atmosphere of the teachers. Clyde Warwick's work is also distinguished by the many notable young men and women that have started their careers on his paper. Notable among the many successful editors and reporters who started on the Canyon News are Olin Hinkle, editor of The Pampa News and John McCarty, editor of The Amarillo News. Any man could be proud of having given these brilliant young men their start.

W. H. Graham in Farwell Tribune: Established in Canyon 40 years ago as "The Stayer," the Canyon News came out last Friday with an eight-page edition commemorating the special event. Today the Canyon News is the oldest establishment in Randall County. Under the direction of Clyde Warwick, one of the outstanding publishers of the Panhandle, the Canyon News is recognized as one of the best weekly newspapers in Texas. The Tribune takes this occasion to congratulate Editor Warwick, whose success has in a large measure been occasioned by a bunch of live-wire merchants, who know and appreciate a good weekly newspaper.

R. B. Haynes in Miami Chief: The Canyon News celebrated its fortieth anniversary of newspaper service in Canyon Friday. Editor Clyde W. Warwick, who has been identified with the publication for 26 years, invited 125 business and professional men and women of Canyon to the News' open house and a breakfast Friday morning. Machinery of the News plant was in operation.

Sam M. Braswell in Paducah Post: Two notable events happened in Panhandle Press circles last week.

Clyde W. Warwick celebrated the Fortieth Anniversary of The Canyon News putting out a very unique special edition in celebration of the four decades of service to the Panhandle country.

The Memphis Democrat passed back into the hands of J. Claude Wells, who immediately changed it from the weak daily of the past few years, to a lusty 8-column 8-page weekly which bids fair to become in a few issues just what it was when Wells sold it several years ago—one of the very best weekly papers in the Southwest.

Congratulations, and success to both these brethren of the tripod.

Tahoka News: The Canyon News issued a special edition last week in celebration of its fortieth birthday. It is one of the oldest newspapers on the plains, and one of the best. It has done much for its town and for this section of the state and even for all Texas.

Fred E. Wortham in Dimmitt News: The Canyon News, of which Clyde W. Warwick is owner and publisher, celebrated its 40th anniversary last Friday. The celebration was unique and an "extra" edition was issued as a part of the birthday party activities. Mr. Warwick has been in Canyon almost 26 years as editor of The News. He is recognized throughout the Southwest as a capable and outstanding leader in the newspaper fraternity. It was our privilege to be associated with Mr. Warwick on The News staff for several years. His paper is constantly kept on a high standard. The plant is among the best in the state. Mr. Warwick ably served his district for two terms as a member of the Legislature. He is now serving as secretary of the Panhandle Press Association. He has been an active leader in the civic affairs of Canyon and Randall county. He is one of the Panhandle's most loyal citizens.

SPEED and flexibility are brought to the row-crop farm by the Farmall Tractor. It is so far ahead of horses when it comes to planting, cultivating, and doing other row-crop and general farming work that there is no comparison. And most important of all, Farmall farming means lower-cost farming.

Until you own and operate a Farmall you cannot appreciate the benefits and advantages of it. But just ask any Farmall owner about it. He is the man who is enthusiastic about the Farmall. He *knows*. He has farmed with horses and with the Farmall and you can bet that he isn't going back to horses.

If you want a real demonstration of the Farmall, call us up and we will arrange one for you. We'll show you how much easier it is to farm with a Farmall and why you cannot afford to be without one. There are three sizes—to fit the needs of any farm.

It's the human ★ thing to do!

★

While it is necessary that any business, to continue to live, must earn a profit, this Company holds that it is not necessary for that profit to be counted in dollars and cents alone.

The Duncan Coffee Company believes that over and above a modest financial profit, its largest contribution to the community has been and continues to be measured by the human happiness it has promoted in substituting the work of human hands for the work of machines.

Three years ago, at the depth of the depression, the company discarded all machines in its packing and shipping departments, and employed men and women to do the work that had previously been done by machines. The machines are still "out." That action by this Company undoubtedly helped to turn the tide from depression toward prosperity.

The consuming public responded to the humanitarian effort of the Company by buying more and more of its products, thus making possible still larger payrolls.

While many employers have, in recent months, decreased rates of pay and lengthened the work day of their employes, the Duncan Coffee Company still adheres to the scales and the hours established under the N. R. A., which is another factor in the popularity of its feature products ADMIRATION and BRIGHT & EARLY Coffees.

The Company renews its covenant with the public, to use all possible human labor at a living wage for reasonable hours of work.

Johnston Speaks Over KGNC

Prof. C. S. Johnston of the department of archaeology and paleontology spoke on "The Architecture of Panhandle Paleontology," over station KGNC, Amarillo, Friday evening from 9 to 9:30 o'clock. Mrs. Johnston, who had traveled from Clarendon to aid Mr. Johnston, sang popular songs and, with Mr. Johnston, gave a dialogue representing their life afield.

"The Panhandle of Texas," Mr. Johnston said, "is an outdoor museum." He took his listeners from the bottom floor of the "museum" through the other strata, showing that patience and scientific work is required to understand it.

Mr. Johnston also spoke of the marvelous opportunity that the Panhandle-Plains Historical Society Museum has by being in the center of this rich field of paleontology, while museums of the east and west make expensive expeditions here.

This type of program will be sponsored weekly at the same time by the Panhandle-Plains Historical Society. Speakers from Canyon, Amarillo, and other towns of the Panhandle will lecture on some historical subject on these broadcasts. Friday, April 3, Prof. L. F. Sheffy, will speak on "Indians."

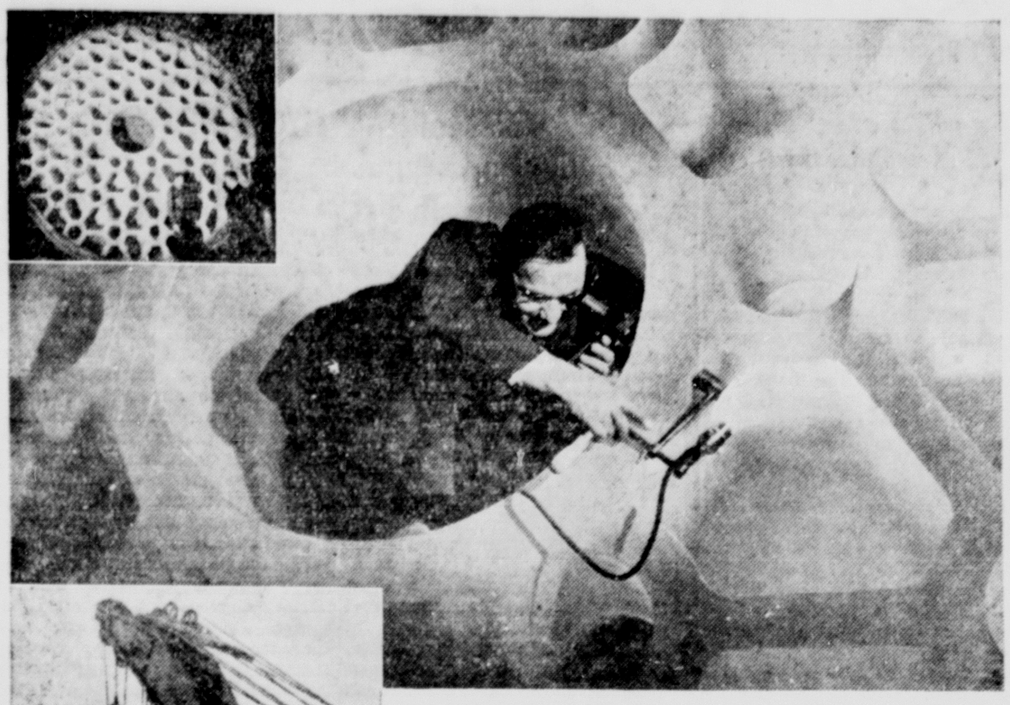
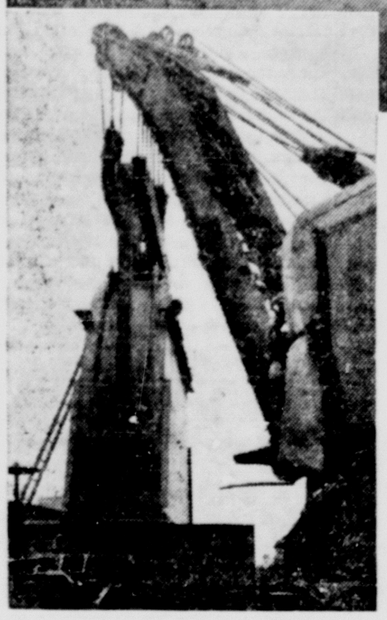
A Valuable Freight Shipment





World's Greatest "Eye" Moves West Via Santa Fe

(Upper Left)—Dr. George V. McCauley, physicist in charge of disc making, Corning Glass Works, and Dr. J. C. Hostetter, Director of Development and Research, contemplate successful result of fifteen months' labor in creating greatest telescope lens.

(Above)—Dr. McCauley sights through a polariscope to detect any possible strain in the inner structure of giant disc.

(Lower Left)—150-ton crane placing huge steel-enclosed package in special well-car for shipment to Pasadena, Calif.

One of the most unusual freight shipments ever handled by the Santa Fe Railroad will pass through Canyon about April 5th on its way to the Pacific coast.

It's only a piece of glass, but the train carrying it across the continent is about as carefully guarded as if a President or royal personage were a passenger.

Of course it is a big piece of glass—the largest ever turned out—and its making has taken more than a year. It is the perfect disc which will become the lens of the world's largest telescope at the Mount Palomar astronomical observatory after it has undergone a year of careful polishing and grinding in a specially constructed shop at Pasadena, California.

Railroad men of half a dozen of the country's great traffic systems spent several months in figuring out the safest and most satisfactory routing for the unusual shipment. Bridge and viaduct clearance, curves and other physical and mechanical features of various railroads were studied carefully before the routing was finally determined.

The New York Central Railroad took the shipment from the Corning Glass Company plant at Corning, N. Y., to St. Louis, the Burlington nursing it carefully on from there to Kansas City. From Kansas City the great lens, insured for $100,000, takes the last and longest stage of its journey to Pasadena, via the Santa Fe. The trip to the coast, in all, will require nearly two weeks, a special slow schedule having been arranged for the car.

The glass disc is 202 inches in diameter and 26 inches thick. It has been packed in a solid crate, made of braces and plates of structural steel, completely insulated with felt and with cork blocks and pads. The disc weighs 20 tons and the steel crate 10 tons. Days were consumed in loading and testing at the shipping point.

A gondola-type well car was specially prepared with brackets, braces and other means of fastening the big crate securely, but suspended in somewhat the same manner as "floating power" automobile engines. The car and its cargo require a clearance of 17 feet 6 1-8 inches for all overhead obstructions.

"Every precaution is being taken to guard against vibrations, bumps and jars," said C. C. Dana, Freight Traffic Manager of the Santa Fe lines, in discussing the handling of the unusual shipment. "The car is placed next to the engine and the train is run on a special schedule with its speed held down to 25 miles an hour wherever possible.

"A master mechanic and a mechanical department representative ride on the train on each division and special care is used in passing all tight clearance points. Special police guards are furnished in terminals."

When the lens reaches Pasadena, Calif., it will be turned over to the artisans who will finish it. The polishers and grinders can only work a few hours a day because of the danger to the lens from heat generated by friction and also from the bodies of the workers.

When the lens is finally installed in the California Institute of Technology Observatory, forty-five miles northwest of San Diego, astronomers believe they will be able to photograph stars 1,500,000,000 light years distant. The moon will appear as only 25 miles from the earth, and Mars and Venus will be brought to within a few thousand miles.

EPISCOPAL STUDENT CHAPEL

The regular evening service of worship will be held at the Episcopal Student Chapel Sunday at 7:30. The Rev. Warwick Aiken will conduct the service, following which tea will be served at the Little House of Fellowship.

C. C. Pettijohn, motion picture official: "The only States in the Union where 'Abraham Lincoln' showed a profit were Mississippi, Alabama, and Georgia."

Robert Frost, New England poet: "Thirty years ago, to my own personal knowledge, American literature was seldom spoken of in colleges."

James A. Farley, Democratic party leader: "President Roosevelt will be re-elected with more electoral votes than in 1932."

Mae West, denying a "husband:" "There are three of them who bobbed up before, you know, along with six other guys who claimed to have married me."

Norman Angel, Nobel peace prize winner: "Every great nation puts defense ahead of everything else because there are conditions worse than war."

Hirosi Saito, Japanese ambassador: "The peace of the Pacific will not only remain undisturbed but will become more securely established."

John J. Pershing, General U. S. A. retired, now 75: "The only way to get rid of a cavalry officer is to shoot him. You never heard of one dying for other reasons."

Carrie Chapman Catt, feminist leader: "You women who waste your time playing bridge, let me warn you that you are committing a sin against society."

Franklin D. Roosevelt: "We have not abandoned and will not abandon the principle of equality for agriculture."

Elmer Thomas, U. S. Senator, from Oklahoma: "We can't make the President do what he doesn't want to do."

Owen D. Young, industrialist: We need as never before cool heads. We need as never before to avoid prejudice and passion."

Everyone gets a reputation for something and a few get one for nothing.

Crooked Furrows, Once Bane of Every Farmer, Help in War on Erosion

IF farmers of yore could return to survey the lands they left, they would learn, to their horror, that the farmer of today has broken with tradition.

Even up to the last decade, the pride and boast of every farmer was his perfectly straight furrow. The smallest deviation from a straight line was enough to spoil his entire day. A crooked furrow was an agricultural sin.

Today, the course of most furrows suggests a drunk's staggering gait. But it isn't that the modern farmer is less conscientious than his forebears. Quite the contrary, in fact.

Within the last half decade farmers have become erosion conscious. They have learned that straight furrows provide ready made canals in which rain torrents may sweep rapidly across farms, carrying away valuable soil. They have learned, also, to wind furrows around the side of a slope, in line with its contour, in this way offering resistance to damaging rain waters.

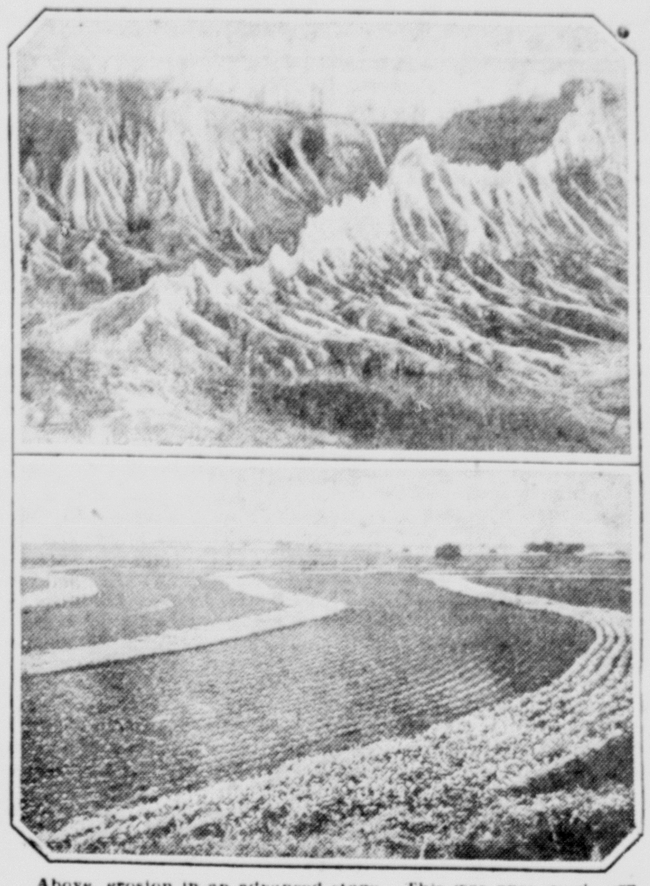
• • •

WATER erosion works its mischief in two principal phases. The first is sheet erosion. When land has been laid bare, and its surface weakened, through over cultivation, overgrazing, or reckless removal of trees, topsoil gradually disappears through the years that follow.

Sheet erosion is hard to detect, but not the next phase, gully erosion, in which little runnels of rain cut in the land tiny canyons that grow rapidly, eventually to claw huge portions from farms.

Plowing furrows along slope contours helps crops halt rain as it pours downward, and to halt it until absorbed.

Further strength is gained by alternating the crops; placing sod-forming strips of grass and clover, or a difficult-to-erode crop, such as long rooted sorghum, next to easily eroded ones, such as "clean-cultivated" corn or cotton.



Above, erosion in an advanced stage. This was once good corn land, but now has turned into a gash of raw clay. Below, curving furrows on an eastern farm that follow the lay of the land and hold the soil against erosion.

EVEN more advanced than strip-farming, and yet a custom almost literally "as old as the hills," is terracing.

Terraces, found even in the ancient lands of the Incas, are rather difficult and expensive to build, but once sloping farmlands have been carved into giant steps, their flat tops are almost erosion-proof. At the ends, where the run-off waters must drain, wide runways are left, in which long grasses are encouraged to grow.

Farmers of old never knew that, in plowing straight furrows, they were really robbing their descendants of land. And so, with contour plowing, strip cropping, and terraces, the modern farmer seems determined not to repeat the mistakes of his predecessors.

It is estimated that cusswords have been added to our language by every alarm clock.

If you laugh when the joke is on you, the hilarity of other folks will not be so painful.

For confetti to use in its snow scenes, Hollywood might consider bidding for second hand European treaties.

There is a reason for everything except people who try to be funny and aren't.

Friendship ought to be valued for what there is in it and not what we get out of it.

In cases of advice, shake well before taking and be sure that it's not an overdose.

A man who gets up wrong in the morning shouldn't make others suffer for it.

JUDGES PICK JUNIOR PLAY CAST MONDAY

"SO WE'LL JUST PRETEND," THREE-ACT COMEDY, IS CHOSEN

The cast for the Junior play, "So We'll Just Pretend," was selected Monday afternoon at 4 o'clock.

It is the story of a simple girl who, falling heir to a little money, buys clothes and goes to college, making believe that she is the daughter of a wealthy and influential man. She is at once accepted by her classmates, joins the most exclusive sorority and becomes very popular. However, she is so generous and anxious to please that she spends all her money, becomes frightened and then—find out what happens. Attend the Junior play.

The tentative cast is: Mary Brown, a pretty girl of twenty and a Cinderilla type, full of adventure and romance, played by Evelyn Cluck or Mavis Harden; Ted Lonsdale, handsome, energetic hero, played by Melvin Calliham; President Reed, college president, portrayed by Williard Childers; and Clara Ogden, dean of women, played by Mary Collins.

Kate, Elise, Ruth, and Agnes, co-eds, will be played by Billy Greenfield, Carolyn Mayfield, Mary Catherine Wirt, and Hazel Benton. Tommy, Dave, and Ronald, college men, will be played by C. L. Drummond, R. E. Prichard, and Sherman Higdon. John B. Pope III, and Dell Bagley will take the role of a negro couple. Marielle Oldham will be Mrs. Johnson, the superintendent, and Jack Inman, a policeman.

Debaters Divide With Tulia Thurs.

For the second time this season, the Canyon High School split a debate with Tulia last Thursday evening at Tulia.

The boys' team, Melvin Calliham and Hal Gamble, won a victory over Tulia's team, Billy Evans and Leland Anschutz. The Canyon boys had the affirmative side of the question:

"Resolved that the Federal Government Should Control the Production of Cotton."

The Canyon girls' team, Mildred Shuman and Lillian Chambers, with the negative side of the question, lost to the Tulia girls' team, Cecile Anna Spear and Marjorie Johnson.

The next debate is scheduled with Hereford.

FRANCES ALICE HARP HAS SCARLET FEVER

The first grade was dismissed from school Monday morning because of a case of scarlet fever in the class. Frances Alice Harp went to school Friday before it was known that she was ill with scarlet fever. The first grade will return to school after it is known that none of the rest of the members have been exposed.

THOUGHT OF THE WEEK

When YOU come
To the END of your ROPE
TIE a KNOT and
HANG ON!

One by one the students of Canyon High School filed into the auditorium orderly and without a word for another Wednesday assembly program April 1.

The auditorium was filled with over-eager, enthusiastic parents who were present to hear the Canyon High School Band play a group of selections from Beethoven, Tschaikowsky, and other famous musicians. The first selection was entitled "Green Valley" by Tschaikowsky. Other selections were "Yankee Doodle" by Beethoven, and "Bring the Wagon Home John" also by Beethoven. The closing encore was "Hail, Hail the Gang's All Here."

But the students themselves were enjoying the day on various creek banks. Mother Luck made April Fool and assembly day one and the same this year, and the poor old ghost of assembly carried on as usual.

Sophs Lose To Tough Juniors In Intramural Finals

With the score 9 to 2, the Juniors defeated the Sophomores in the final game for intramural championship March 25.

The Sophomores were undefeated until the final game. The Juniors had been defeated once by the seventh grade.

The girls playing for the Juniors were Betty Ruth Solomon, Pauline Harris, Viola Boyce, Dell Bagley, Evelyn Cluck, Mavis Harden, Mary Catherine Wirt, and Pauline Moore.

Sophomore Players

Mary Horn, Helen Hurst, Gladys Hutton, Natalie Flesher, Marie O'Donald, Mary Jo Avent, Obera Burgan, and Annie Mae Spencer played for the sophomores.

Pauline Harris was high point scorer with five points.

The Juniors will get their name on the silver intramural trophy. This team won first last year by a small score over the Juniors of last year. Mary Collins has been the coach of the Juniors, the winning team, for two years.

All-Intramural Team

The coaches and Gerald Brown selected for the all tournament team: forwards, Anna Ruth Schmitz, seventh grade, Dell Bagley, junior, Mary Horn, sophomore, and guards, Polly Cluck, seventh grade, Mavis Harden, junior, and Evelyn Cluck, junior.

Home Ec. Classes Serve Dairymen's Banquet Mar. 24

The third Randall County Dairymen Association Banquet with 285 people present was held in the grade school gymnasium March 27 at 7:30. The banquet was prepared and served by the Home Economics Department, with the help of Mrs. M. E. Cross, who assisted in preparing the food and keeping it hot, and Helen Edwards, Flora Mae Gordon, and Elizabeth Spivy from the college helped supervise the serving. The members of the boys home economics class which was organized this semester carried the heavy cooking utensils to and from the grade school gymnasium and were of help in other ways.

The dairymen who were in charge of the arrangements for the banquet, and who made it possible to have such a banquet were E. Gidden, H. R. Fulton and P. H. Baber.

Mavericks Entertain

Emmitt Galloway and his Maverick Club of Amarillo was in charge of the program. This club consists of young boys under the age of 16 of the McKinley school in Amairllo. They are the honor students of the school. Mr. Galloway has organized this club. The boys elect their officers several times annually. Prizes are awarded to each of the six members of the club who make the highest grades each six weeks. Mr. Galloway has also helped to organize a Dogie Club which takes care of the negro boys in Amarillo.

Hooks Brings Dogies

Mathew Hooks, better known as Bones, the pioneering negro who was one of the first men at the T-Anchor ranch and also a well-known character in this part of the country is the leader and organizer of the Dogie Club. Mr. Hooks brought the president of the Dogie club down to the banquet with the Mavericks and helped carry out the program.

The Home Economics Department wishes to thank Carl Hair of the Palace Cafe, and Mark Foster of the Canyon Bakery, Thompson Hardware Company, and the Presbyterian Church for their kindness in helping the department.

OF COURSE, HE WOULD

Yesterday, two small boys opened the door to the boys' locker room, and what did they find? Irby, Cleve, and John B. Jr. The boys said they didn't know what they were playing, but John B. Jr. was minus his shirt, coat, and shoes, and Irby had them stacked up by his side. The deck of cards must have played a part because Irby was talking very kindly to them.

Hezekiah X. Rat was brutally murdered in cold blood last Monday morning, during the wee, small hours when he attempted to destroy grade records in Principal Pope's office. The janitors were indicted for the crime, but they promised to bury the rat if the charges would be removed.

The janitors said, "We have every reason to believe he was paid to do the job, but we have no hopes of catching the guilty person."

A poorly attended funeral was conducted by the janitors in Silent Cemetery, with only Mrs. Rat to observe the proceedings. She is the only surviver of the late criminal.

HI-Y DISTRICT CONFERENCE STARTS FRI.

LOCAL HI-Y MEMBERS WILL ATTEND MEET HELD IN AMARILLO

The District Conference of Hi-Y Clubs will be held in Amarillo tomorrow, Saturday, and Sunday with W. Ray Breg, executive secretary of the Allied Youth, Washington, D. C., Bud Thompson, Texas Tech, Lubbock, Chairman Southwest Labor Board, Fort Worth; and Dr. J. A. Hill, Canyon, discussing the theme, "The Christian Use of Leisure Time." Pat Henry Jr., District Hi-Y Secretary, will be in charge.

Kenneth Mauldin, Dalhart, president, will open the meeting at 3 o'clock Friday. Sewel Cox, local president, will give the response to the welcome. Discussions and contests will fill the time.

All delegates will stay in Amarillo homes and receive free breakfast. A dinner will be given the delegates Saturday night by the Amarillo Western Reserve.

Several delegates will attend from the local club.

Senior Eng. Class Studies Outdoors

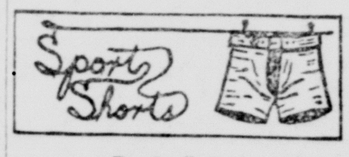
By Sarah Bonnie Bourn

Last Thursday was a very pretty day, and to break the monotony of having English in a stuffy, dusty, classroom, the Senior English Class decided to have English out on the front steps of the high school to better understand the moods of Milton, the great English writer.

After Mr. Carruth had consented, we went into the school house, got our books and returned to the steps. It was an interesting class and conducted quietly, although the passing motorists honked at us.

Several times the recitation was interrupted long enough for the students to move down a step. The sun kept moving and it was cool in the shade.

This isn't "April Fool"—it really happened.



By April Fool

It has been talked that the high schools of this section of the Plains were to have boxing teams and have a tournament this spring. I wonder how much truth there is in what I heard.

Some one suggested to me that we high school classes should have an intramural indoor baseball tournament at noon between all the classes, both girls and boys. Those in favor of this idea should talk it up among the classes.

Tops: the spinning of tops has become the grade school fad at the present. No high school students at present have become interested.

The boxing class that you have been hearing about started last Monday. Mr. Brown got Mr. John B. Pope and Mr. Irby Carruth started in the first battle. They showed all the boys the fundamentals of boxing. The two married men stressed defense so that the boys could defend themselves and prepare for the future, especially when they get hooked-up with some of these wild girls.

Jack Middleton certainly likes football, that's why he is captain this year. Last week he went out for practice in one of those dust storms. Ray Ford Rusk felt energetic and started out with Jack. The two boys were parted and could not see each other for the raging dust storm. Jack saw something waving a few feet away and he made a flying tackle at the object. An hour later Jack awoke to find himself coiled around a telephone pole.

The boys and girls intramural teams received a silver trophy. The trophy is a statue of a basketeer, who is catching a ball above his head. Coach Wesley Cox and Leslie Lisle's team, the Freshman team, will have its name placed on the trophy. Also Mary Collins' and Carolyn Mayfield's team, the Juniors, will have their name on the trophy with the year '36 engraved.

Canyon High School won the County Track meet by a decided victory. Umbarger forfeited.

Woeful Tale From A. Football Dummy

By the Football Dummy

Just because I'm a dummy, you think I don't have feelings. Well, you're wrong. When the football boys hit me hard, I almost cry, but I don't. A football dummy has to be able to take it. So long as I hold together, I'll never say a word, no matter how hard I get hit. But if the football boys who read this have any heart at all, after seeing my version on this subject, they should let up and not hit me so hard.

I hate to see these senior football boys graduate, they are old friends of mine and we have met many time the last four or five years. But the new boys hit just as hard and sometimes I feel like crying when one of them hits exceptionally hard. My friend, the pigskin, says I have an easy time compared to what he goes through, being punted, passed and squeezed nearly to death in every way possible.

But I can take it! If you don't believe it, put on a suit and come out and hit me hard.

Press Club Takes April Fool Frolic

By Joe Morris

It was on Monday morning in the afternoon, when the High School Press Club usually gathers after school to put out their Eagle's Tale during the period from ten thirty in the night to three in the evening.

Old Cactus was there, and editor Mary Ella Davis. The sponsor, Lois Goodrich and reporter Garl Cone were on the scene. In fact not a member of the whole club was absent, and believe it or not, the room was only a chatter-box.

Typists Roll Out Print

Typists Billie Bee, Marjorie, and Sarah Bonnie were in their usual corner rolling out the print. Mary, Carolyn, Jack Neil, and John B., were crowded at the shortest blackboard in the room arguing about an editorial head, and on the front board appeared a seventy-two point headline, with the originator, Fred Hart, standing by its side with his chest thrown out as he shouted to the editor in the back of the room to tell her how good a headliner he was.

Sewel was composing a famous poem and learning it by heart, as he wrote. Hal was writing a hair-raising sports story and reading it aloud for criticisms to the members of the attentive club. He carried them to the climax of the narrative and left them in suspense. The audience roared in unison, "What next?" but Hal quietly replied, "Don't know yet."

All Groaned Satisfaction

All groaned their satisfaction as they swarmed the boards again to write some more headlines. The boards were full; so Fay wrote headlines in the air, and Tubba paced about the room balancing a stick on his nose. Fat and Jack took turns running out in the hall to ring the fire bell, which inspired Mildred enough to write a searing editorial. She sat in the floor and wrote a thousand-word feature.

Even Mary Charlotte and Sarah got noisy and ran up the aisles playing hide-and-go-seek. Miss Goodrich strutted and fretted, and almost prayed that the people would have sympathy as they read this week's paper, but she cut it short when she smelled fresh food, and she gulped "amen" over a custard bowl.

Cactus Cal Trampled

Poor Cactus Cal was trampled under feet. This was one time, they got the drop on him. He had always been at the door, when Mr. Stroud arrived with a complimentary supper. He unwound his rope and gave it a sling, and he towed back an empty box of delicious "Smacks." That's all he got for an evening meal; so he chewed paper wads to throw at the peaceful reporters who concentrated their minds on their work for the next five minutes, and that was the first time in history that the paper was finished by 9 o'clock.

Here I conclude
This sill prude
A humorus tissue
Of an April Fool issue.

DID YOU KNOW?

That the tune of Canyon High School Song came from the song "Bring the Wagon Home, John"?

That Sarah Bonnie Bourn is the only Press Club member that has been a member of the staff for four years?

In the class which graduated from Canyon High School in 1917 there were two girls and four boys. Three of these were Fosters, all cousins.

That the Pep Squad used to give an annual play?

That we had our first April Fool edition of the Eagle's Tale in 1933?

Seniors Will Hold Combination Game and Cakewalk Fri.

The music plays and the people walk around and around until one person wins a fine cake. The basketball bounds and bounds and bumps into the bay window of some of Canyon's prominent citizenry.

Tomorrow night in the grade school gymnasium the Senior Class is sponsoring a combination cake walk and basketball game.

The game will bring into action the town's business stars and the gentlemen who teach young minds to function.

The cake walk will offer those attending a chance to win real home made cakes.

All those attending will be given a free piece of cake. The Canyon Public School Band will offer the music.

General admission will be 10 cents to everybody—young and old.

4B Class Legalizes Pupil Note Passing

There is a new legal method of note passing started in the grade school which makes the dignified high school students jealous. This is a post office which is in the 4B room.

This post office has general delivery letters and parcel post. All students that wish, write letters and put them in the post office. They go to their individual box and receive any mail to them.

It is a great honor to be post master. The post master receives the job by making the highest grades. Every week a new post master takes the place of the old one.

Needless to say, the students like the idea, and the teacher no longer watches for note writers.

Students Study Library Methods

Under the supervision of Miss Ruth Greenfield, 3A and 3C are studying the library, advantages of it, and the methods used in checking out books.

They have built a small library in one corner of their room and are bringing books from home to exchange with other students, besides what they already have in their library.

The pupils have made trips to the Grade School Library, and the Randall County Library, watching the procedure and methods used in checking out books, and keeping them on the shelves alphabetically according to authors.

After studying the three libraries, they decided to use the County Library system.

HIGH SCHOOL CLUBS ENTER STUNT NIGHT

SIX CLUBS PLAN TO ENTER WHILE CLASSES ENTER ROYALTY CONTEST

Money, money, money, is all the classes can think about in trying to put over each of their class candidates for king and queen for April 10 at Stunt Night.

The money made at Stunt Night will go to the Seniors, with which they will buy a gift for the school.

Candidates that are in the race for king and queen are Fay Plaster and Overton Donnell, seniors; Mavis Harden and Forest Hill, juniors; Martha Jo Newlin and Clarence Zachery, sophomores; Renna Beth Bellah and James Pope, freshmen.

The clubs that are planning stunts so far are: the Press Club, Pep Squad, Home Economics Club, Choral Club, Book Club, the Hi-Y Club, and the Spanish Club.

The club putting on the best stunt will receive $2.50, and a $1.50 will be given to the club winning second.

Graham Tells Of Life Of Japanese Wed. In Assembly

Miss Edna Graham, Mathematics teacher at W. T. S. T. C., spoke to the assembly March 25 on her travels in Japan.

She described the department stores of Japan and said they were a great deal like those in America. Miss Graham showed a clog and one of the stockings worn by Japanese women and described other clothing worn by the people of Japan.

The boys and girls are separated when they reach the fifth grade and are never allowed to court. A "go-between" arranges the weddings. The ceremony is performed by the drinking of wine out of the same jug by the bride and groom.

"Japanese homes are much like doll houses and are movable. There is almost no furniture and there are few cooking utensils. No matter how small a house may be, it always has a garden with a stream of water running through it," said Miss Graham.

There are few opportunities for Japanese women. Some of them work in the factories.

Rice, fish, and tea are the principal foods. All straw is saved from the rice fields since it has many uses.

The theaters are very interesting, according to Miss Graham. The stage is revolving. The women act the part of men in the cast, and vice versa.

"LIKE FATHER, LIKE SON"

Mr. G. W. Cox is in Temple, Texas but he does not seem to be missed in the Grade School. He has two worthy sons to substitute for him.

Sewel and Wesley have been doing the demonstration work for their father. (Funny, it takes two sons to do their father's work).

Does he stutter? He illustrates his lectures with pictures secured from the County Agent's office.

Wesley has been showing pictures of ranch and farm life. Did he wear his boots? These pictures are movies taken by Mr. Cox.

ETIQUETTE

Q. What would be the correct thing to say if you dropped a roast duck in your dinner guest's lap?

A. Be very polite, say "May I bother you for that duck?"

Q. Is it polite to kick one's mother-in-law in the mouth in the presence of guests?

A. It depends upon how well you know the guests.

Q. What is the position of the thumb while dunking?

A. The thumb should be held rigid and at a right angle from the hand.

Q. If one should accidentally overturn his soup on a lady's evening-gown, what is the correct thing to say?

A. Be very sympathetic, say "Didn't burn you, did it?" or nonchalant, saying "It would never have happened if you hadn't taken my mind off my dinner with your palavering; or pass it off as a joke, saying "That's all right, it'll all come out in the wash."

Q. When someone accidentally kicks you, what is the effective answer to put them at their ease?

A. Say, "O, that's all right, I may want to kick you some time."

Q. When eating celery, should one apologize for the noise?

A. One should talk so loudly while eating the celery that the churning is not noticeable.

Q. Which hand should one use in brushing flies off the sugar bowls?

A. Neither, use a fly swatter.

FOSTER-SHIELDS STUDENTS WILL GIVE RECITAL APRIL 7

Mrs. Lee Foster and Miss Edith Shields will present their grade school music and expression students in a costume recital April 7. The names of the pupils to take part in the recital cannot be disclosed until the next edition, because Mrs. Foster and Miss Shields prefer to keep it a secret until the recital.

4B PLANS STORE UNIT

The 4B class is beginning a unit on grocery stores. They first visited a grocery store and are now building one. They call it the F. B. Grocery. All of the members of this store are making aprons and smocks with F. B. on the front.

"One, two, three! One, two, three! Swing lightly into a tango," said director Coach Jones to his 18 light-footed gridiron dancers, dressed in their gorgeous costumes of khaki knee pants with purple stripes down the back, and snow white artistically designed waists.

Ray Ford Rusk, Eagle's Fred Astaire, has improved his ability to skip around end and gradually fade into a whirling tango where he is lightly tagged by D. A. Butler.

Darwin Dobbs has been spending his time on the dance field practising his famous bubble dance and limbering his hips for the Mexican special, "The Rhumba."

The dancing team is now able gracefully to block the dummy without falling and hurting themselves, and turn beautiful cartwheels when suddenly stopped by a team-mate. They are looking forward to the time when they can attend the annual Gridiron Prom and have the ineligibles of the 1935 team as their partners. This performance will take place sometime after the boys have rehearsed for six weeks.

Ha, ha, sum April fool. Ask Nelson how he felt wen he drove up to Marjorie's house an found Melvin Calliham there. An by th way that Clarence Zachery is es chanegable es th wind. He's blowin an a whizzin around Helen Hurst's house now.

Miss Clark made cookies to give to her pupils last week, an she even give um to the kids thet made P's. She let me in on it too. Miss Clark sed her hobbie was makin cookies an thet's jus th hobbie thet goes hand in hand with mine.

I tell ye sum secrets bein es this is April fool. Marvin didn't git mad at me a time yestidy an I betcha can't guess why. I made love to her in modern high scule style.

Now this is a valuble secret. I herd thet them single-gal teachers held a faculty meetin to make plans ul takin advantage ul leap year. Now don't ye tell anybudy, but Miss Brasel sed she wanted a human genious about six feet tall an handsum with black hair an nix on haunch backs. Miss Jordan sed she wanted one thet was blonde (dishwater blonde).

Miss Shields sed she wanted a man—just any man—but one jus es much like Mr. Stephenson es they are made would plees her, an Miss Jewell Foster sed she wanted a Mexican with a gold-buttoned belt on, an a red flag in his hand to scare bulls with, an a gun on his hip, an a ten gallon hat on, an be shore he has a bran new shave. Miss Clark sed she coud git along without one fer a while, but if any ul um saw a true to life "Jiggs" to call her up. April fool! Ha, ha, I thought I coud fool ye all th time.

I'M THE GOOF

I am the goof who does not participate in any sport. I don't like sports. They are either rough, or there is a lot of hard work to do.

I like to hang around town and loaf. There's nothing quite like resting.

I am the goof that lives to be a nobody, or gets into trouble with the law. It's true my ending is not so good but don't forget, I am the goof of all goofs.

VISITORS OR INTRUDERS

Canyon has a visitor. He is not unknown, however. He has visited every home in Canyon many times before. He has visited every office, church, and store every day for a week. He is, however, an unwelcome visitor. He makes people mad, but doesn't seem to care. He intrudes into every household in town.

More than that, he keeps students from studying. He makes all pupils and teachers of Canyon High School uncomfortable. Furthermore, he is always underfoot. You can't get rid of him. Everyone tries but no one succeeds.

So the thing to do is to make the best of this sand and do not let it annoy you too much, for such a thing is unavoidable.

GUESS WHO

There's no set rule
For April Fool;
When writing, you can be silly;
Think in a whirl,
And find the opposite girl
And solve the following ditty:

She is brunette dignified
She never blushes too
She gets along with Mr. Jones
And to every boy is true.

Answer to last week's "Guess Who," Melvin Calliham.

Spring Training Gets Under Way On Gridiron Here

Cox Is In Charge During Coach Baggett's Absence

Led by Captain-elect Leo Jackson of Floydada a husky aggregation of forty-four candidates have been reporting daily to Assistant Coach Bob Cox for the opening week of the spring training session. Cox has assumed charge due to a recent illness of head Coach Al Baggett who has not fully recovered.

Conditioning has been the main theme of the meetings intermingled with a few fundamental drills. Many sandstorms have prevented some outside workouts, but the squad has donned gym uniforms to carry on in the gymnasium.

The initial scrimmage of the year will be held Friday afternoon at 5 o'clock provided the weather permits. The squad will be divided by the coaches into Squad A and Squad B. The two selected groups will play at specified intervals during the spring training interval.

The traning will draw to a climax when the Buffaloes play an intercollegiate pre-season game on May 15. No definite team has been chosen. Coach Baggett has been considering New Mexico A. & M., Abilene Christian College, and Simmons University.

Of the 16 lettermen, the backs are: Ezell Champion, Memphis; Floyd Murry, Floydada; Tom Slack, Canyon; Lwood Dow, Littlefield. The linemen include: Stina Cain, Wheeler; George Caviness, Causey, N. M.; Oscar Hinger, Endee, N. M.; Captain-elect Leo Jackson, Floydada; Vernon Johnson, Childress; John Lee, Amarillo; Si Marchbanks, Childress; Clinton Meek, Gageby; Toby Waggoner, Hale Center; Craig Walling, Farwell. The squadmen are: Conway Butler, Turkey; and Lewis Gibson, Crowell. The other 27 aspirants are up from the freshmen troops, and last fall gave sufficient indication of developing into potent grid-men.

A "go-getter" today is one who knows what corner Prosperity is hiding behind and goes around and gets it.

IN THE WORLD OF SPORTS

Cubs Have Good Chance to Repeat in National League, Martin Believes; Cardinals Ranked Second, Followed by Pirates and Giants

BY PHILIP MARTIN

THE 1936 National League pennant chase seems likely to develop into a three-cornered argument among Cubs, Cardinals, and Pirates, with the Giants perhaps figuring more seriously than expected.

Chicago's Cubs are our choice to repeat. The Windy City boys look every bit as strong as last year and their two great young stars, Phil Cavarretta and Augie Galan, should be even better.

Pitching problems seem well taken care of with Lon Warneke, Bill Lee, Charlie Root, Larry French, Tex Carlton, and Roy Henshaw in the van. The Bruins stack up as the club to beat, but—of course they can't expect to wind up with anything like last year's phenomenal finish.

• • •

THE Gas House Gang down in St. Louis will, as usual, be right in there. The eccentric but efficient Dean boys will be firing for the Cards and this season they have a competent aide in Tarzan Parmelee, in addition to the veterans Bill Hallahan and Bill Walker.

Medwick, Collins, and Martin should supply much punch at the plate, but Manager Frankie Frisch seems to have about reached the end of a brilliant playing career. None of the newcomers to the club is comparable to the Flash from Fordham.

All-round strength makes Pittsburgh a real threat. Pitcher Mace Brown is another Blanton, according to old Honus Wagner, Buc coach. Arky Vaughn, best batter in either league last year, with the Waner brothers and Forrest Jensen, gives the Pirates plenty of hitting power.

• • •

THE Giants are our guess to stay in the first division, on the strength of a mound staff built around Carl Hubbell, Clyde Castleman, Hal Schumacher, and Al Smith. Mel Ott, Hank Leiber, and Bill Terry will do the honors at the plate.

Augie Galan, right, sparkplug of the Chicago Cubs, played a big part in the Bruins' drive to the National League title last year and should go great again this summer. The St. Louis Cardinals, foremost rivals of the Cubs, have been strengthened by acquisition of Tarzan Parmelee, above, right-hander formerly with the Giants.

The Reds have a sophomore outfit that may wind up at the top of the second division. Last year's weak link was at first base and George McQuinn has been brought in from Newark to strengthen the spot.

The Dodgers are shy on catching, and the infield situation is pretty bad. Oscar Eckhardt, leading Coast League batter last season, may supply a punch in the outfield. Sixth place seems about right for the Dodgers.

The Phillies possess only three topnotch major leaguers—Manager Jimmy Wilson, Pitcher Curt Davis, and Johnny Moore, a gardener who hit .323 last year.

The Boston Bees are slightly worse off than the Boston Braves were last year—if that is possible.

Dairy Show Will Be Held During Next Week at Plainview

R. Q. Silverthorne, E. Q. Perry, Mark Pool, Ed Bishop, F. E. Smith, Arthur Reinken and Fred Hurlbut of Plainview were in Canyon Tuesday in the interest of the Panhandle-Plains Dairy Show which will be held at Plainview, April 6, 7, 8 and 9. While in town the group called on local business firms, encouraging attendance at the Ninth Annual Show.

This year the Dairy Show offers considerable more than usual, especially in an amusement program. On Monday and Wednesday a Western rodeo will feature the entertainment with 100 cowboys taking part. It will be followed in the evening by a cowboy dance at the Ware hotel.

Tuesday afternoon sixteen greyhound races will be held with 32 dogs entered to be followed by a Horse Show with thirty entries. In the evening will be the Easter Parade and Style Show with fifty girls entered from various towns and communities in this section. The official Queen's ball will be held in the evening at the Hilton Hotel.

Wednesday following the rodeo there will be the annual banquet of the dairy association with the official dance following at the Hilton.

Thursday afternoon the rabbit races and Horse Show will be repeated.

Entries in the Dairy Show have already exceeded previous years, and forty-three fine dairy animals will be auctioned off on Thursday afternoon. A carnival will be on the grounds throughout the entire week.

Amarillo Rotarians Put on Program of Local Club Tuesday

Sixteen Amarillo Rotarians visited the local Rotary club Tuesday and put on the program. President Jimmie Farwell of the Amarillo club introduced Phil Purdum who had charge of the program. Those present from Amairlo were, Jess Sanders, Allen Early, F. A. Zimpfer, H. W. Galbraith, A. A. Meredith, C. T. Crowe, Horace Russell, Arthur Osgood, Frank Storm, Ed Enochs, O. W. Wright, John McKnight, John McCarty and Frank Butler.

Mr. Purdum congratulated Amarillo in having such a fine neighbor as Canyon. The common sense attitude of the students of W. T. is reflecting the attitude of their training here all over the Panhandle. Mr. Purdum introduced the following for short talks: Mr. Crow, Mr. Wright, Mr. Meredith, Mr. Osgood, Mr. McCarty, and Mr. Russell.

Mr. Meredith paid special tribute to the work which was under way on W. T. campus. "Joe Hill saw the good that could be done with public money and is securing worth while improvements on the campus," stated Mr. Meredith, district administrator for WPA.

Mr. Russell stated that coming to Canyon was a habit of his. He started coming in 1889, and described his first big dinner here. He was a passenger on the first train which ran from Amarillo to Canyon in 1898.

Mr. McCarty described Canyon as an exceedingly friendly town. The faculty members and the town people go out of their way to be friendly with the students and others who visit here.

Other visitors were: Dan F. Sanders, E. Gidden, Rev. J. O. Quattlebaum of Canyon; Rev. J. O. Haymes of Amarillo; H. H. Smith of Houston.

The rock wall around the athletic field has been completed, with the exception of under the stadium. The low wall around the play ground of the training school is being built, and work has started on the rock wall back stops for the tennis courts.

Work will be started on the swimming pool by the middle of April, which is a PWA project with C. S. Lambie as contractor.

DISTRICT ATTORNEY TO CLOSE P. O. LOCATION

Postmaster Guy Harp received a letter Tuesday from Assistant U. S. Attorney Frank B. Potter of Fort Worth that he would be in Canyon during the coming week in order ot close the deal for the new postoffice location. He indicated that some minor corrections were to be made regarding the title to the lot.

The department at Washington has sent Mr. Harp authority as custodian of the lot.

Congressman Marvin Jones wrote two weeks ago that the check for final payment of the location was being written and would be placed in the hands of the District Attorney for final settlement. Nothing more has been received as to the plans for the building, which had to be revised, according to a statement from Mr. Jones.

SPENCER COMPLETES THE BUSINESS CENSUS HERE

J. W. Spencer has completed the census of business and manufacturers for the U. S. Department of Commerce covering Randall county.

Mr. Spencer states that he appreciates very much the co-operation and courtesy of the business firms in making out these reports to the government.

Newton Harrell and Grady Oldham returned Tuesday evening from a business trip to New Mexico.

Reservations Must be Made Early for Historical Society Meet

The annual banquet of the Panhandle - Plains Historical Society will be held at Cousins Hall on Friday night, April 10 at 6:30 o'clock. J. Frank Dobie will be the principal speaker.

The annual business meeting will be held at 2:30 o'clock in the afternoon.

Owing to the limited space in the dining room it will be necessary that reservations be made early. The banquet tickets are $1.00 each.

PANHANDLE PRESS PROGRAM IS ISSUED FOR APRIL 17-18

The 29th annual convention of the Panhandle Press Association will be held in Amarillo on April 17-18. The program was printed in the April number of the Panhandle Publisher, which was mailed Saturday by Clyde Warwick, secretary of the association.

The Publisher this month was enlarged to a 12-page edition to care for news from the newspapers of West Texas.

40 FARMERS RECEIVED LOANS THROUGH R A

About 40 farmers in Randall county have received loans or grants through the R A office in Amarillo according to information received here yesterday.

This office is soliciting farmers to apply for loans when they have difficulty in securing aid from other sources.

MADRIGAL CLUB PUTS ON TWO PROGRAMS

The annual program of the Madrigal Club was given on Thursday night at the auditorium of the Education building. Two groups of songs were presented by the club, under the direction of Wallace R. Clark. Leon Lassers gave a group of readings between the groups.

The club sang in Amarillo Tuesday night, assisting the Philharmonic Orchestra in the fourth concert of the season.

LOCAL PEOPLE COMPLETE QUOTA FOR RED CROSS

$40 was sent from Randall county last week by Guy Harp, chairman of the Red Cross Chapter, to the national headquarters of the Red Cross. This was the quota of the county for the flood sufferers of the east.

A letter yesterday to Mr. Harp urged that other contributions be made by the local people since the need was much greater than at first anticipated when the quota was made.

HAUPTMANN DIES FRIDAY?

Bruno Richard Hauptmann will be executed Friday for kidnapping the Lindbergh baby unless further legal means are found to stay the execution. The time set for Tuesday night was extended 72 hours by the penitentiary warden upon request of the grand jury.
